

Status of Orissa Water Sector Improvement Project (OWSIP)

The project "Mahanadi Basin Development Plan" has been renamed as Orissa Water Sector Improvement Project. The proposal envisages modernization of irrigation projects, construction of new irrigation projects besides flood control and drainage development in Mahanadi Basin. The Project will be implemented in a phased manner through financial assistance of World Bank. At present, preliminary activities such as survey, investigation & Project report preparation are under progress.. An outlay of Rs. 1.00 crore has been proposed under this scheme during 2009-10.
